

Major Label Interest

Bang Sugar Bang

I don't know ask the guy with the tie
Doesn't matter what they play
Doesn't matter what they say
You look just right
They're gonna give you a try
Everybody's looking at us
We've got Major Label Interest
Everybody's gonna tell us what to do
Everybody's got their finger on the truth
Gonna ride in a limousine
Look at me ma I'm on T.V.
They're looking at us
We've got Major Label Interest
Just sign on the dotted line
Everybody's looking at us
We've got Major Label Interest
Shut Up!
