

## Brightness

Bang

There were times when we sang, many times when we laughed  
But I remember when we looked  
And saw brightness in each others eyes  
We saw brightness in each others eyes

Happy hours, spent knowing who we were  
Apart from the busy scenes around us  
When we touched, not to explore,  
But rather to feel our love together  
Rather to feel our love together

Teach Me, I wanna learn, Love Me I want to dream  
Touch Me, I wanna feel, Hear Me, I wanna know

Now I wait for love to bring  
The song of Love, that I can sing  
A song to tell the world of you  
And all the plans, we plan to do  
All the plans, we plan to do!  
We saw brightness in each others eyes  
We saw brightness in each others eyes
