

Maybe

Bang

Maybe she's right, Maybe I'm wrong
I gotta say something here
It's gotta be strong
Can't let you walk away!

Maybe she's fooling, Maybe she's not
Can't take a chance this time
She's all that I've got!
Can't let you, walk away!

Don't know what to tell you girl
Don't know what to say
All I know, can't let you, get away!

Maybe she Loves me, Maybe she don't
Maybe she'll want me, Maybe she won't
Can't let you, walk away!

Don't know what to tell you girl,
Don't know what to say
All I know, can't let you, get away!

Maybe your right, Maybe I'm wrong
Gotta say something here
It's gonna be strong
Can't let you, walk away!
