

Hellspawn

Barathrum

In the cellar, it's dark
Locked up, so cold
Wounded, beaten up
Prisoned by, psychopath
Dark dungeon, underground
Chained up, to the wall
Grim killer, Satan's son
Hellspawn, Hellspawn

Hostages, scared to death
Blasphemic, torture ritual
Wounds form, Pentagrams
Drawn by the knife
Sadist, without masochist
Celebration, in blood
Ecstasy, overload
Hellspawn, Hellspawn
They welter in their own excrement
Mixed with their own blood
Pleasures of the violence
Creating orgasm
Hear the bell of doom
They will die soon
Dignity, it's gone
Hellspawn ,Hellspawn

Around the corner
Death is smiling
Tortured preacher
Wounded Rabbi

Faith is lost, cries of pain
Final blessing, bleeding vein
Brutal violence, chains and blades
Gaunt Imaam, swollen face
Raped by hog, straight up the ass
Not so pure, anymore.
