

Sleeping Single In A Double Bed

Barbara Mandrell

Sleeping single in a double bed
Thinking over things I wish I'd said
I should have held you but I let you go
Now I'm the one sleeping all alo-oh-one

Sleeping single in a double bed (ooh-oo-ooh)
Tossing, turning, trying to forget (ahh-ah)
I could be lying with you instead
I'm sleeping single in a double bed

I'd pour me a drink, but I'd only be sorry
'Cause drinking doubles alone, don't make it a par-arty
Another sleepless night and it's the same old stor-ory
When you're the only one at two in the morning

I-I'm sleeping single in a double bed (ooh-oo-ooh)
Thinking over things I wish I'd said (ahh-ah)
I should have held you but I let you go
Now I'm the one sleeping all alo-oh-one

Sleeping single in a double bed
Tossing, turning, trying to forget (you-ou)
I could be lying with you instead
I'm sleeping single in a double bed

I'm sleeping single in a double bed (ah-hah-ah)
Thinking over things I wish I'd said (ooh-ooh)
I should have held you but I let you go
Now I'm the one sleeping all alo-oh-one

Sleeping single in a double bed (ah-hah-ah)
Tossing, turning, trying to forget (you-ou)
I could be lying with you instead
I'm sleeping single in a double bed

I-Im sleeping single in a double bed
Thinking over things I wish I'd said (fade)
