It's hard for me to say what I want from You I have had 22 years of Trying to form the words that somehow Might mean I am feeling

So many colors in this distraction Brown hair makes her lips more red Words would not describe what I'm seeing I try to hold my tongue but it's useless

She makes my heart scream color I know by now she should have found me out Every sense I have has been exhausted But color makes her smile

She's always waiting for me to speak But all she hears is whitest noise Though I may not communicate my heart She knows the color I'm screaming

She makes my heart scream color
I know by now she should have found me out
And every sense I have has been exhausted
But color makes her smile

```
I feel it coming, I feel it coming
I feel it coming, I feel it coming
I feel it coming, I feel it coming
I feel it coming on
```

Whoa, she makes my heart scream color I know by now she should have found me out And every sense I have has been exhausted But color makes her smile

Yeah, she makes my heart scream color She should have found me out Every sense I have has been exhausted But color makes her smile Color makes her smile
