

# I Do It To Myself

Barcelona

Shake me up like an earthquake  
You really got, really got a hold on me  
Spinning me around 'til I can't think straight  
Every night, losing my memory

Tell me once and tell me twice  
Been here before, too many times  
I tell myself a dirty lie  
She didn't mean to hurt you

I do it to myself  
Hey hey, she's always on top  
Maybe this time it's you she wants  
Ooh, hey hey, you know she won't stop  
Nobody can blame that girl  
I do it to myself

Dancing in the dark, such a cliché  
Our bodies come together like a symphony  
Your touch, could it be a mistake?  
Every night, play me like a melody

Play me once and play me twice  
In the game of love, I fall behind  
I tell myself a dirty lie  
'She didn't mean to hurt you'

I do it to myself  
Hey hey, she's always on top  
Maybe this time it's you she wants  
Ooh, hey hey, you know she won't stop  
Nobody can blame that girl  
I do it to myself

You draw me in like a hunter  
I only wanted to be together  
You draw me in like a hunter  
I thought you wanted to be together

Ooh hey, you're always on top  
Maybe this time it's me you want  
Ooh hey, I know you won't stop  
I can never blame you, no  
I do it to myself

I do it to myself  
Hey hey, she's always on top  
Maybe this time it's you she wants  
Ooh, hey hey, you know she won't stop  
Nobody can blame that girl  
I do it to myself

(I do it to myself)  
Nobody can blame that girl  
I do it to myself  
(I do it to myself)  
Nobody can blame that girl

I do it to myself
