

What I Want

Barcelona

I won't change my aim
Can't stop, never gonna give up
I don't know my strength
Out my way, better hurry up
Never gonna give up

You can't buy me, I'm sold
Want what I can't own
You're a fancy girl
Nothing compares to you
It's not silver and gold
Worth more than you know
In a fancy world
All I want is you

All you throw is shade
Step my way, we can get it done
She don't know your name
What a shame, baby give it up
Mmm, why, cause I can get it done

You can't buy me, I'm sold
Want what I can't own
You're a fancy girl
Nothing compares to you
It's not silver and gold
Worth more than you know
In a fancy world
All I want is you

Money can't buy true belief
She and I were meant to be
And I won't give up
You know what I want
Money can't buy true belief
She and I were meant to be
And I won't give up
You know what I want

You can't buy me, I'm sold
Want what I can't own
You're a fancy girl
Nothing compares to you
It's not silver and gold
Worth more than you know
In a fancy world
All I want is you

You can't buy me, I'm sold
Want what I can't own
You're a fancy girl
Nothing compares to you
It's not silver and gold
Worth more than you know
In a fancy world
All I want is you
