

All My Life

Barclay James Harvest

Am **Am**
It's been a long long time
G **G**
Thought you were a friend of mine
F **F**
Holding on the end of the line
G **G**
I've been waiting for you
Am **Am**
Seen the way the wind is blowing
G **G**
Look around and I don't know
F **F**
If the time is right or wrong
G **G**
I've been waiting so long

Am G F F
All my life
Am G F F
All my life
Am G F F
All my life
G G G G
I've been waiting
Am G F F
All my life
Am G F F
All my life

All my life
G G G G
I've been waiting for you

Am Am G G F F G G
Am Am
Can't get away, can't get away
G G F F G G
Can't get away from your love

Am Am
I've been searching up and down
G G
Watching as the world goes round
F F
Just another boy in town
G G
I was looking for love

Am Am
See the way the rain is falling
G G
Black as night and I keep calling
F F
Your name out loud
G G
I walk on and on and on and on...

Am G F F

All my life

Am G F F

All my life
