

By Myself

Barney

I can do it, there's nothing to it.
I can do it by myself.
Had to ask for help when I was small.
But now I'm big and I can do it all.
I'm feeling proud as you can tell.
When I can do it by myself.

Tie your shoes (I can do it, I can do it)
By yourself. (I can do it, I can do it)
Comb your hair (I can do it, I can do it)
By yourself. (I can do it, I can do it)
I'm feeling proud as you can tell.
When I can do it by myself.

I can do it, there's nothing to it.
I can do it by myself.
You have to ask for help when you are small.
But when you're bigger, you can do it all.
I'll be feeling proud as you can tell.
When I can do it by myself.

Tie your shoes (I can do it, I can do it)
By yourself. (I can do it, I can do it)
Comb your hair (I can do it, I can do it)
By yourself. (I can do it, I can do it)
I'll be feeling proud as you can tell.
When I can do it by myself.
Everything I do I'll do so well.
When I can do it by myself.
