

Marching Song

Barney

Oh when our band begins to play
Oh when our band begins to play
We love to march to the music
When our band begins to play

Oh when our band begins to march
Oh when our band begins to march
We love to march to the music
When our band begins to play

Oh when our band begins to play
Oh when our band begins to play
We love to march to the music
When our band begins to play

We love to march to the music
When our band begins to play
