

My Yellow Blankey

Barney

I like my blankey
It's very, very yellow
I like it even better than a bowl of Jell-O

When she holds it close, it feels just right
She likes her yellow blankey in the day and night
I like my yellow blankey in the day and night

My blankey is so special and very, very yellow
I like to keep it with me when I say "hello"

When she holds it close, it feels just right

I like my yellow blankey in the day and night
I like my yellow blankey in the day and night

My blankey feels so soft like a big marshmallow
But I like it most because it's oh, so yellow

When she holds it close, it feels just right
She likes her yellow blankey in the day and night
I like my yellow blankey in the day and night
