

# I'm Comin' Back

Barry Manilow

Baby I miss you so badly  
You know that I love you madly  
Can you forget all the pain  
Let's try it again

I'm comin' back  
So I can love you  
The way I used to loved you long ago  
Girl I'm comin' back  
Hopin' that you'll have me  
And this time I will never let you go

Seems like yesterday  
It was you and me  
How did it slip away?  
You are a part of me  
You live in the heart of me  
I never stopped loving you  
And so

I'm comin' back  
So I can love you  
The way I used to loved you long ago  
Girl I'm comin' back  
Hopin' that you'll have me  
And this time I will never let you go

If the answer's "no"  
I will understand  
But it won't change my mind  
You are the only one  
And I am the lonely one  
I'll never get over you  
And so

I'm comin' back  
So I can love you  
The way I used to loved you long ago  
Girl I'm comin' back  
Hopin' that you'll have me  
And this time I will never let you go

Baby I miss you so badly  
You know that I love you so madly

I'm comin' back  
So I can love you  
The way I used to loved you long ago  
Girl I'm comin' back  
Hopin' that you'll have me  
And this time I will never let you go

I'm comin' back  
So I can love you  
The way I used to loved you long ago  
Girl I'm comin' back  
Hopin' that you'll have me

And this time I will never let you go

I'm comin' back
