

# This Is Fine

Barry Manilow

This is fine  
This is more than fine  
Now, we've got the space and we've got the time  
This is our home, yours and mine  
And they've left us alone  
This is fine

Of the pride  
All the noise and fame  
Doesn't count for much 'cos it's all a game  
What's real is home  
What's real is yours and mine  
Can't believe we're alone  
This is fine

I never loved like this before  
I never felt so unafraid  
Every thing I have is yours  
Close the door, pull the shade  
We'll make love  
All that love can be

And you rest awhile, while I make some tea  
This is our home  
So glad it's yours and mine  
We're all alone  
All this is fine
