

# Peace

Barry McGuire

Sometimes when I'm thinking  
Just kind of halfway sleeping  
One thought is always the same  
It's all about how rich I am  
To have a hold of my Savior's hand  
That's why I'm praising His Name

He gives me peace, wonderful peace  
Holdin' on to my Savior's hand  
I found peace, wonderful peace  
Holdin' on to my Savior's hand

Then I think of all the sorrow  
Coming on the world tomorrow  
I know it don't have to be  
If only all the selfish hearts  
Playing out their selfish parts  
Take the time to look up and see

Well, they'd find peace, wonderful peace  
Holdin' on to the Savior's hand  
Yeah, there's peace, wonderful peace  
Holdin' on to the Savior's hand

Don't you know that your position  
Isn't caused by some condition?  
It's the result of your own choice  
But if you stop right now and turn  
You could miss the comin' burn  
Praise the Lord, lift up your voice

You're gonna find peace, wonderful peace  
Holdin' on to the Savior's hand  
Yeah, there's peace, wonderful peace  
Holdin' on, just a-holdin' on  
To the Savior's hand

Peace
