

Fetish

Bars and Melody

Take it or leave it
Baby, take it or leave it
But I know you won't leave it
'Cause I know that you need it, ah
Look in the mirror
When I look in the mirror
Baby, I see it clearer
Why you wanna be nearer, ah

I'm not surprised
I sympathize
I can't deny
Your appetite

You got a fetish for my love
I push you out and you come right back
Don't see no point in blaming...
If I were you, I'd do me...
You got a fetish for my love
I push you out and you come right back
Don't see no point in blaming...
If I were you, I'd do me...
You got a fetish for my love

I know that you want me
I know that you want me
Calling you queen 'cause I'm making a honey
Girl, there's no other, you're doing it best
We're like Adam and Eve, we do not need the rest
Something about you got me on the edge
Whenever you're leaving, you're leaving me dead
Everything about you, I love all your habits
She'll remember mine like some sort of rabbit

I'm not surprised
I sympathize
I can't deny
Your appetite

You got a fetish for my love
I push you out and you come right back
Don't see no point in blaming...
If I were you, I'd do me...
You got a fetish for my love
I push you out and you come right back
Don't see no point in blaming...
If I were you, I'd do me...
You got a fetish for my love

The way you walk, the way you talk
I blame you 'cause it's all your fault
Ya playin' hard, don't turn me off
Ya acting hard, but I know you soft
You my fetish, I'm so with it
All these rumors bein' spreaded
Might as well go 'head and whip it
'Cause they sayin' we already did it

Call on Gucci if you ever need and
I'll be South Beach in the drop top gleamin'
Order diamonds, Aquafina
Just need you in a blue bikini

You got a fetish for my love
I push you out and you come right back
Don't see no point in blaming...
If I were you, I'd do me...
You got a fetish for my love
I push you out and you come right back
Don't see no point in blaming...
If I were you, I'd do me...
You got a fetish for my love
