

Holiday

Bars and Melody

We threw it all away yea
But I wanna fuck today
You ain't saved in my phone
We can go on holiday yea
Fucking in the hall of fame
Take a sit on my throne
And we'll all obey
Baby you know I won't play no
And we threw it all away yea
How'd we lose a holiday yea

She hits me 4 am and said she wanna fly
I ask her why you with another guy
She said she's sorry and she doesn't wanna lie
Told her that I know you made me fucking cry
I gave my all and you want it multiplied
I fucking tried, you fucking lied
Give you an inch and you wanna stretch a mile
You fucking lied I fucking tried

We threw it all away yea
But I wanna fuck today
You ain't saved in my phone
We can go on holiday yea
Fucking in the hall of fame
Take a sit on my throne
And we'll all obey
Baby you know I won't play no
And we threw it all away yea
How'd we lose a holiday yea

She fucking with me yea she fucking round the most
She fucking with my assets when I'm flying coast to coast
I wanna spread her like it's butter like it's fucking toast
I wonder why she ghost, I wonder why she goes
Texting me so late at night I cannot not check my phone
We fucking till the break of light she don't leave me alone
Want me to take control of her my hands around her throat
I got a lot of money no I don't need to boast

Yeah we threw it all away
Yeah let's go on holiday
Yeah we threw it all away
But I've got so much I want to say

Yeah I wanna fuck today
Baby let's go on holiday yeah
Let me know you're on your way yeah
There's a lot I gotta say yeah

We threw it all away yea
But I wanna fuck today
You ain't saved in my phone
We can go on holiday yea
Fucking in the hall of fame
Take a sit on my throne
And we'll all obey

Baby you know I won't play no
And we threw it all away yea
How'd we lose a holiday yea

Yeah we threw it all away
Yeah let's go on holiday
Yeah we threw it all away
But I've got so much I want to say
