

I Can't Wait

Bars and Melody

I can't wait
I can't wait

Been keeping to myself lately
I've been thinkin' about you baby
It's true all the other girls
They don't love me like you do baby

Yeah yeah
You know I'm all about you
You know that my love is true
Every single day and every single way
You just keep running all through
My mind can't keep you out of my mind
It's time and I'm just talk to my grind

I don't even know where to start
You have my brain and you have my heart
Now all I know I never wanna be alone again
I miss you baby

I can't wait any longer
Call me in the AM, feelings getting stronger
I can't wait
Stuck here in the middle of the night
In the middle of the night

I got a safe place but it's just for two
I've written like a 100 song just for you
Your smile it takes my breath away
A couple of my heart strings played today
I don't really like it no one close to me
When I'm round you I know it supposed to be
I close my eyes and it gone again
Now I close my eyes and just make pretend

I don't even know where to start
You have my brain and you have my heart

I can't wait any longer
Call me in the AM, feelings getting stronger
I can't wait
Stuck here in the middle of the night
In the middle of the night

I can't wait any longer
Call me in the AM, feelings getting stronger
I can't wait
Stuck here in the middle of the night
In the middle of the night

Lonely fame has got lonely
Losing all my feelings
Not even I can control me
Take me to your castle
We will never leave
Girl I'm so afraid

That I can hardly see

I don't even know where to start
You have my brain and you have my heart

I can't wait any longer
Call me in the AM, feelings getting stronger
I can't wait
Stuck here in the middle of the night
In the middle of the

Love me like you do
No other girl no other girl
Will ever love me like you do
No other girl no other girl
Will ever love me like you do

I can't wait any longer
Call me in the AM, feelings getting stronger
I can't wait
Stuck here in the middle of the night
In the middle of the night
