

# Invisible

## Bars and Melody

When the nights are full of thunder  
And the days feel so long  
I just need someone to hold me  
I just need someone to hold me hold me

I'm scared at the fact that I'm blue  
I'm scared that I don't know what to actually do  
Type of three in the morning guy, but ill be alright  
Yea I can hide my tears under the cover of night  
When I was sixteen I wasn't happy at all  
Back when my best buddy wouldn't answer my calls  
It felt kinda one sided, it cut me so hard  
Still tryna figure out how to cover the scars  
Felt alone for so long with nowhere to turn  
Talking to my conscience trying to deal with all of this burn  
I'm heart broken, now I've got nothing to lose  
You'd never think you'd feel like this 'til it happens to you

How it feel to know when you fall  
You got someone there to catch you  
You wont know 'til you lose it all  
But I'll be there to catch you

When the nights are full of thunder  
And the days feel so long  
I just need someone to hold me  
I just need someone to hold me, hold me  
In a world full of strangers  
Where I don't belong  
I just feel so lonely  
Sometimes I feel invisible

These past couple years no nothing been the same  
I've got a notebook full of poems I wrote to deal with the pain  
Sat inside my bedroom I couldn't be doing less  
Not answering my phone, not looking at my texts  
I think there's nothing left but I'm hoping for a change  
For an angel to fall from heaven to take all the pain away  
I know this is my life, I don't have a second chance  
And I know that I'll regret it all when I'm looking back  
Every girl they take my heart and tear it in two  
Always feel like you're the chaser and they running from you  
Now I'm just alone and I'm sad in my room  
Looking for a future and I don't have a clue

When the nights are full of thunder  
And the days feel so long  
I just need someone to hold me  
I just need someone to hold me, hold me  
In a world full of strangers  
Where I don't belong  
I just feel so lonely  
Sometimes I feel invisible

Some days they just go by  
Some days I just get by  
Some times I don't know why

But I know it's in my mind  
Some days they just go by  
Some days I just get by  
Some times I don't know why  
But I know it's in my mind

When the nights are full of thunder  
And the days just feel so long  
I just need someone to hold me  
Sometimes I feel invisible

Some days they just go by  
Some days I just get by  
Some times I don't know why  
But I know it's in my mind  
Some days they just go by  
Some days I just get by  
Some times I don't know why  
But I know it's in my mind
