

Lighthouse

Bars and Melody

Hold the memories inside my heart, and
Dream we won't have to be apart, and
When the storm comes, should we just run?
Without you I wouldn't have anyone
On my dark days, when I lay there
I wish that we could breathe in the same air
Now you're not here, my vision ain't clear
'Cause I'm not me when you're not here

My heart could be the same way, I don't like this feeling
Can we just go back to yesterday?
And it's been so long, I've been feeling so gone
Then I'll find a way, I promise, babe

And I know, and I know, and I know it hurts like hell
Yeah, I know, yeah, I know, yeah, I know it hurts like hell

I wanna swim across the waters
Just to see your face
Like a lighthouse in the distance
I need you to come and guide my way
I'm coming home to you

I'm coming home to you

I don't wanna lie, this is how I feel
It doesn't have to be a dream, we can make it real
You tell me that it's hard keeping up the fight
I tell you that you're beautiful when you cry
I know that it's hard not knowing where the road ends
I know that we're stuck when we battle for the seas
And you make me feel good when you're by my side
I hold you close, so no need to hide

My heart could be the same way, I don't like this feeling
Can we just go back to yesterday?
And it's been so long, I've been feeling so gone
Then I'll find a way, I promise, babe

And I know, and I know, and I know it hurts like hell
Yeah, I know, yeah, I know, yeah, I know it hurts like hell

I wanna swim across the waters
Just to see your face
Like a lighthouse in the distance
I need you to come and guide my way
I'm coming home to you

I'm coming home to you

I'm gonna swim across the ocean
Just so I can touch your face
You're my lighthouse in the darkness
I think I finally found my place
We're coming home for you

I'm coming home to you

I'm coming home to you
I'm coming home to you
