

Fefe Parody

Bart Baker

I'm fucking TR3YWAY
King of New York, looking for a preteen
Uh, I'm gettin washed up
Be-because, because Cardi takes all my features
Queen, no more

All my music garbage
I record it inside of a dumpster, hit that if she 13
I'll take Snapchats while she suck my best friend's peepee
I'm the biggest troll to ever make rap
Look like a rainbow mixed with a street rat
This is my worst song yet it's complete trash
This vid looks cheaper than my face tats
Who'da known that I'd sell out this damn fast
From Gummo to this soft serve trap pop crap

(I'm fucking TR3YWAY) I live underneath a bridge
(I'm fucking TR3YWAY) Get it people? That's a troll joke

Act hard but I'm pussy
Security always with me
I'm the fefe small cock I've never shot a gun
It's all an act, fake like Nick's ass
Call an Uber with some luber to the schoolyard for 8th graders
Soon I won't be let round your kids cause I'll be a sex offender

(I'm fucking TR3YWAY) Come here kids I have ice cream
(I'm fucking TR3YWAY) I promise I will not film you

I-I'm doing this trash track with Tekashi because Cardi put my fake ass out
like Queen B
Now nobody listens to me
I'm desperate for relevancy
People sick of my lame rhyme schemes and my verses 'bout my pussy
'Bout to get dropped by Young Money
So now I gotta clout chase
Wit alleged pedo face
Yea, I filmed her hot young body
But I swear we didn't bang
I have to constantly say in my songs that I'm sexy
To make sure I don't fall off more I'll have Tekashi's babies (have my babies)

(I'm fucking TR3YWAY) I don't really want no kids
(I'm fucking TR3YWAY) Unless I can see them naked

My lyrics overplayed
Used to be cool in the 2012 days
I need to act my age
I'm getting old, ass looks like cottage cheese
Horse died on a jockey so he hit me told me bring my horse face
But when I arrived there they said that I'm way too plastic to race

(I'm fucking TR3YWAY) Lil Kloroxxx is the best
(I'm fucking TR3YWAY) His music way better than mine

Eeny, meeny, miny, moe

I'll catch a young hoe by her toe
If she ain't fucking on Tekashi make her give my friend a blow
