

Keep Keep On

Basement Jaxx

The thing is when you hold someone too close
They tend to lose their breath
I know we're both just a little bit guilty of it
We've been blaming each other to death

Keep, keep on
It's just a little hiccup
Keep, keep on, keep it on

Keep, keep on
It's just a little hiccup
Keep, keep on
It's just a little hiccup

Keep, keep, keep on
Keep, keep, keep on
Keep, keep, keep on
Keep, keep on
Keep, keep, keep on

There were many things I wanted to tell you long ago
But we were too busy and tied up with everything
It's hard to be someone in this modern world
And have time for your sisters and your brothers

Hiccup, hiccup, hiccup
It's just a little hiccup, hiccup, hiccup
It's just a little hiccup
It's just a little hiccup

Don't falter, baby
Stand up, stand up, baby
