

## Love Is at Your Side

Basement Jaxx

Before you came to earth  
Life was black and white  
Never had a dream in touched  
The one I'm in tonight  
A love aren't complicated  
Feeling pure as like  
Closed me into you  
Tells me it's alright

Remember it  
LOVE IS AT YOUR SIDE

You're always been a purpose  
Your happiness is my place  
Whatever heart burned you  
Just remember this  
Life is an enigma  
Our ships rocks side to side  
Hold on tight my darlin  
Love is at your side

Remember it  
LOVE IS AT YOUR SIDE
