

# Scars

Basement Jaxx

Coming loose, at the seams  
Blind spots, voices  
Controls gone, I'm like a balloon  
Cut it out, emotion

Distance, it grows now  
You don't, reach for me  
All I got, all I got  
Is my scars

Save me give me wings to fly  
Make me young reason to fight  
Suddenly we'll cross a home  
Remember me into the night

Kiss me then I'll wake up (5x)  
Fairy tales make up

Headlight, black demons  
Peering in my hollow core  
Grudges they're strangling  
and splinters and dry skin

Streetlights they see me  
The whole world will reach for me  
All I got, all I got  
Is my scars

Save me give me wings to fly  
Make me young reason to fight  
Suddenly we'll cross a home  
Remember me into the night

Kiss me then I'll wake up (5x)  
Fairy tales make up

I'll kiss then you'll wake up  
Don't want to meet your maker  
And you don't believe in fairy tales  
Well today I'm gonna make ya

Cause I've come here to save ya  
Finna none of that miss I'ma take ya  
I can rap I can rhyme like karma  
Be your night in armor

Oh no I aint got no Porsche  
Just give me a shield and a sword and a horse  
And I'll come ridin' ridin' ridin'  
Give me a little one on the back

Ima tell a lie and get you on back  
Ima tell a lie and get you on back  
It's gone right from fiction to fact  
I'm gonna take you out this world

Kiss me then I'll wake up (5x)

Fairy tales make up

Kiss me (5x)

Fairy tales make up
