

# Blinded Bye

Basement

I want to be the only one buried in green under a sun  
Hoping to see what I've become

I want to be the only one buried in green under a sun  
Hoping to see what I've become  
Happy to please and set in stone

Hey I want to see the way out  
Blinded by the way my feet are on the ground

Swimming up stream to find my soul  
Behind the scenes, another role  
Sleeping with screams until I'm old  
Push me to make me lose control

Hey I want to see the way out  
Blinded by the way my feet are on the ground

Come down now  
I'll take round now, I'll show you how to stay down
