

# Raise the Gain

## Basic Element

Hey man, just don't be shy  
I wanna tell you what you do tonight  
Hey girl, come on over  
Let me introduce you to my friend there  
One glass of champagne, mixed up and raise the gain  
That's the same, do you really wanna go for thrill  
Do you know the drill, so let's get real

You're here with me, he can't come (3x)  
You know he can't come (raise the gain)

(Chorus:)

Now DJ raise the gain  
and spit it like a saint  
you got to let the right side over once again //2x

(Raise the gain)  
Hey man, how's it going?  
Do you do what I tell you to do then  
Hey girl, are you wasted?  
Let me introduce you to my face  
So shit, I'm cool  
Did you raise the gain, we don't score  
You know I saw that girl  
She really rock my world, so let's get real

You're here with me, he can't come (3x)  
You know he can't come (raise the gain)

(Chorus) 3x

You're here with me, he can't come (7x)  
You know he can't come (raise the gain)

(Chorus) 3x

Raise the gain(2x)
