

I've Got You Now

Basshunter

I've got you now
I've got you now
I've got you now, and everything's gonna be alright
'Cause I've got you now

I don't know how, but I've got you now
Yeah I've got you now
I've got you now
I've got you now

I've got you now
I've got you now
I've got you now, and everything's gonna be alright
'Cause I've got you now

I don't know how but I've got you now
I'll never let you get away, I've got you now

And everything's gonna be alright, 'cause I've got you now
I don't know how, but I've got you now
I've got you now

I used to be so lonely
Then you found the love inside me
And you opened up my eyes

All my anger's faded
And it feels like flying
Fly away with me now

'Cause I've got you now
I've got you now
I've got you now
And everything's gonna be alright, 'cause I've got you now
I don't know how, but I've got you now
I've got you now
I've got you now

I've got you now
I'll never let you get away, I've got you now
