

Black Ninja

Battle Beast

In the darkness she is dancing with her lover, oh oh
In the silence of the mountain hall she'll rest forever, oh oh

It's a life of a warrior who never comes out
It's a song without music she's one of a kind

She's a black ninja, ninja
You can't see her in the night

Close your eyes
Feel the magic of the night, oh oh
Lonely voices whispering her ancient name, oh oh

It's a life of a warrior who never comes out
It's a song without music she's one of a kind

She's a black ninja, ninja
You can't see her in the night

She's a black ninja, ninja
You can feel her in the dark

It's a life of a warrior who never comes out
It's a song without music she's one of a kind

She's a black ninja, ninja
You can't see her in the night

She's a black ninja, ninja
You can feel her in the dark
She's a black ninja, ninja
She's a black ninja, ninja
