

# Unfairy Tales

## Battle Beast

My dreams and secrets  
Are no more just mine  
Ripped on the screens  
You're next in line

Twisted terms of use  
In this dark house of cards  
For hidden abuse  
From cradle to graveyard

Who keeps my memories?  
Are they friends or enemies?  
We ain't just ones and zeros  
But human souls  
Falling into rabbit holes

What makes us human  
Is now on sale  
Crushed for the sake  
Of unfairy tales  
Where heroes fall  
And justice crawls  
Is this the end?

Creating memory holes  
They steal the rights  
Of our troubled souls  
Blinded by blue light

It wasn't a free ride  
In this insane loop  
Got nowhere to hide  
I made a deal with my doom

Who keeps my memories?  
Are they friends or enemies?  
We ain't just ones and zeros  
But human souls  
Falling into rabbit holes

What makes us human  
Is now on sale  
Crushed for the sake  
Of unfairy tales  
For twisted dreams  
For endless greed  
We want it back!

Time goes by far too fast  
It's hard to see the present and past  
Once freedom was liberty  
Now liberty is privacy

What makes us human  
Is now on sale  
Crushed for the sake  
Of unfairy tales

Where heroes fall  
And justice crawls  
Is this the end?

Crushed for the sake  
Of Unfairytale  
For twisted dreams  
For endless greed  
We want it back!
