

# Crazy Wolf

Battlerage

My name is Fox  
I'ma crazy wolf  
My destiny is real  
In the paradise lost

Black roses in your hair  
My inferal girl  
In the mystery of the night  
The dying angel will fly

Do you feel the fear?  
Don't close your eyes  
And look at the beast  
If you want, it will come back

Come on... Hey, come on  
Reach out your hand  
I'm gonna give you something  
It's the devil's golden coin!

Dreaming, living in your dreams  
Dreaming, living in the sea  
Awakening,  
under the black ocean  
Awakening,  
under torment emotions

Do you feel the fear?  
Don't close your eyes  
And look at the beast  
If you want, it will come back...
