Chimmy-cherry-some, we used to make up songs, remember Sha-la-la-loo, I used to sing to you, remember Hi-de-hi-de-ho, we used to kiss hello, remember And then we said good-bye and made each other cry, remember Sha-la-la-la-la-la-la shoo-be-doo-aye Remember all the little things we used to say Sha-la-la-la-la-la-la shoo-be-doo-eye Wonder why we ever had to say good-bye Sing-a-sang-a-song, we used to sing along, remember The sparkle in your eyes light the starry skies, remember We would hum along to the beatin' of the drum, remember The band began to play and we began to sway, remember Sha-la-la-la-la-la-la shoo-be-doo-aye Remember all the little things we used to say Sha-la-la-la-la-la-la shoo-be-doo-eye Wonder why we ever had to say good-bye
