

No One Like You

BBMak

I remember when I met you, remember how it felt
I saw you dancing and laughing with your friends
And as I moved in close and I felt you near
Then I asked your name but you could barely hear me so you

Pulled me close just to hear what I said
We got lost in conversation - talk about infatuation
All I know is however this ends
I know that I've never seen

No one like you
No one like you
No one like you
No one like you

I remember when I kissed you - remember how you tasted
Back of the taxi we headed to your place and as you
Closed the door and we drank some more
Before we knew it our clothes were on the floor and then you

Pulled me close felt your skin on my skin
We were so intoxicated I don't think we could've waited
All I know is however this ends
I know that there'll never be

No one like you
No one like you
No one like you
No one like you

Rain falls down - I can feel you going
Down on me - I can feel you coming
Rain falls down - I can feel you going
Down on me - I can feel you coming
Rain falls down - I can feel you going
Down on me - I can feel you coming
Rain falls down - I can feel you going
Down on me - I can feel you coming

No one like you
No one like you
No one like you
No one like you
