I feel fine Now the rain has gone and the sun has come to shine Nothing can get me down today Head over heels Got my mind made up as $I\square m$ driving through the fields Nothing can get me down again

Catch me if you can
IDve gotta make a getaway

As the sun goes down, wakin up my dreams And in my mind you re with me once again Out of my heart, into your head And inside my heart there sa place for you And in my mind I m with you once again Out of my heart, into your head

Chasing the sun
Tryin□ to get away
From the rain that□s gonna come
Hope I make it all the way

I□m lost in a crowd
Tryin□ to find my way
But the rain keeps fallin□ down
Doesn□t matter anyway

Catch me if you can
IDve gotta make a getaway

As the sun goes down, wakin up my dreams And in my mind you re with me once again Out of my heart, into your head And inside my heart there sa place for you And in my mind I m with you once again Out of my heart, into your head

Take a look at the sky
Feel the sunshine
In your heart
In your head
In your own time

As the sun goes down, wakin \square up my dreams And in my mind you \square re with me once again Out of my heart, into your head And inside my heart there \square s a place for you And in my mind \square m with you once again Out of my heart, into your head

Out of my heart, into your head Out of my heart, into your head
