

Staring Into Space

BBMak

Take this world
and all it's become
I wanna get out of this place
We're all living under the sun
we're just staring into space
Give yourself a chance to be free
You gotta give yourself a break
in the end the love you receive
is equal to the love you take

Close your eyes, do you remember your past
In the park smell of freshly cut grass
I hear a song and that just brings it all back
And it seems like yesterday

Take this world
Then all it's become
I wanna get out of this place
We're all living under the sun
we're just staring into space
Give yourself a chance to be free
You gotta give yourself a break
in the end the love you receive
is equal to the love you take

Close your eyes, do you remember that kiss
The two of us we just couldn't resist
We became what I thought was love
But that was yesterday

I don't know what you are
I don't know what you are
I don't know where you are
I don't know where you are

Take this world
Then all it's become
I wanna get out of this place
We're all living under the sun
we're just staring into space
Give yourself a chance to be free
You gotta give yourself a break
in the end the love you receive
is equal to the love you take
