

You Don't See Me

BBMak

I see your face in picture frames
An empty stage where we used to play
But we let burn, we never learn
Another turn we'd've all been strangers
And I don't know why
I don't know why we ever said goodbye

The city lights, light up the skies
Like fireflies, we were on our way
To another place on other day
We were miles away our whole world was changing
And I don't know why
I don't know why we ever said goodbye

All I need is you
Like I never needed anyone
All I see is you
But you don't see me
I want you to want me
I want you to want me
Like you've never wanted anyone

We saw the rise, we felt the fall
But after all nothing lasts forever
But memories as good as these
Will always be, They'll be ours forever
And I don't know why
I don't know why we ever said goodbye

All I need is you
Like I never needed anyone
All I see is you
But you don't see me
I want you to want me
I want you to want me
Like you've never wanted anyone

As the years go by
And you think of me
Do you wonder why
We fell so far apart?
After all this time
Will it feel the same?
When it comes to you
To you I give my heart

All I need is you
Like I never needed anyone
All I see is you
But you don't see me
I want you to want me
I want you to want me
Like you've never wanted anyone

The stars in the sky
That look in your eyes
They're falling like rain tonight

And I don't know I don't know why
The stars in the sky
They're falling like rain and I don't know why
All I need is you
