

# Heart Throb

Be Your Own Pet

I can see you're looking  
And I really really want you to  
I don't know if he knows  
That I'm looking straight at you,  
Every time that I see  
You're looking right at me,  
I forget that I belong to somebody [2x]

Woo!  
You make me think,  
Way too hard.  
You make my stomach hurt,  
Way too much!

The sun is getting brighter but I'm still cold,  
And then you said to tell me that you feel too old!  
The sun is getting brighter but I'm still cold,  
But don't you start to tell me how you feel!

I can you're looking and I  
Really really want you too,  
I would do anything that you wanted me to do.  
But I know I'm not allowed with everyone around,  
I gotta hide these feelings so they can't be found! [2x]

Woo!  
You make me think,  
Way too hard.  
You make my stomach hurt,  
Way too much!

The sun is getting brighter but I'm still cold,  
And then you said to tell me that you feel too old!  
The sun is getting brighter but I'm still cold,  
But don't you start to tell me how you feel!
