

# All I Wanna Do

Beach Boys

All I wanna do  
Is always bring good to you  
To give you all the love I can  
And help you in whatever you do

Sure as the sun will come around again to start off another day

You can be sure that in my heart and soul I'll love you in every way

All I wanna do  
Is bring happiness to you  
I hope it makes you happy to know  
My love's with you wherever you go

Oo when I sit and close my ey-eyes  
A gentle thought comes in my mind  
My love is burnin' brightly  
My moon and stars shine nightly  
All I wanna do  
All I wanna do  
All I wanna do  
All I wanna do

Oo let these little words of love  
Come romance and light your way  
My love is burnin' brightly  
My moon and stars shine nightly  
All I wanna do (lonely in the night I feel)  
All I wanna do  
All I wanna do  
My love is burnin' brightly  
All I wanna do  
Doo doo doo doo doo  
My moon and stars shine brightly  
All I wanna do  
My love is burnin' brightly  
All I wanna do  
Doo doo doo doo doo  
My moon and stars shine brightly
