

# Celebrate the News

Beach Boys

Hello

My luck was so bad  
I thought I used up all the luck I had  
Everytime I thought I'd get it on  
Someone put me on  
There's been a change

Beautiful and strange  
My life's gone through a change  
Somehow I know (somehow I know)  
Bad luck's in the past  
All good things here at last  
So now we'll grow

There's been a change

Mmmmm

Bad luck (no more)  
No bad luck (no more)  
No bad luck (no more)  
No bad luck (no more)  
I got news for you  
There ain't no blues  
I got news for you  
No bad luck (no more)  
No bad luck (no more)  
No bad luck (no more)  
I got news for you  
There ain't no blues  
I got news for you  
No bad luck (no more)  
No bad luck (no more)  
No bad luck (no more)  
I got news for you  
There ain't no blues  
I got news for you  
No bad luck (no more)  
No bad luck (no more)

Listen to the boys loud and clear  
Come on folks withstand you fears  
Sail away the choice is yours you choose  
Celebrate the news  
There ain't no blues  
Come on, come on, come on
