Some some some of your love (won't you give me some)
Some of your love
Some some some of your love (dip de doody doo ah ah)

You gotta see my favorite little acrobat She really got her every little move down pat She's got my vote for number one in the class I couldn't help but try to make a forward pass

Some some some of your love (won't you give me some) Some of your love Some some some of your love (dip de doody doo ah ah)

There's nothin' like a-romancin' in the stands Walking down the hallways a-holdin' hands Punchin' up our juke box favorite band Cuddlin' up in summer moonlight in the sand

Kiss me, baby
Hold me tight tonight
