

# The Shift

Beach Boys

Check out the chick with the new dress on  
(Wearin' a shift and it looks real fine)  
The call it a shift and it comes on strong  
(Wearin' a shift and it looks real fine)  
When she's got it on, well she can't do no wrong  
(Wearin' a shift, wearin' a shift)

You may think a dress can't do very much  
(Wearin' a shift really turns me on)  
With the slit up the side, you can't resist that touch  
(Wearin' a shift really turns me on)  
It's tighter than a moo-moo and it's just too much  
(Wearin' a shift, wearin' a shift)

(Turns me on now) (get a shift now)  
(Can't go wrong now) (go wrong now)  
(Turns me on now) (get a shift now)  
(Turns me on now) (turns me on now)

Get your girl a shift and she'll look real fine  
(Wearin' a shift and it's just too much)  
It fits like a glove and drives you outta your mind  
(Wearin' a shift and it's just too much)  
She'll ball it with her shift on and we'll have a good time  
(Wearin' a shift, wearin' a shift)

(Turns me on now) (get a shift now)  
(Turns me on now) (get a shift now)  
(Turns me on now) (get a shift now)
