

# Distance

## Beach Fossils

If I had known  
That I'd be fine  
I would have taken some more time

Just the distance of our lives  
Everything I know sometime

I'm so far  
But feel so close  
Everything we lose becomes the most

But now  
I feel like  
Oh, no  
I tell you all the time

That when I think of you  
It tears my heart  
And pushes me  
Back to the start

For tonight  
Ah, ah

But now  
I feel like  
Oh, no  
I tell you all the time

That when I think of you  
It tears my heart  
And pushes me  
Back to the start
