Bear Hands

My friend Frank
He sent me a note
It said I am so lonely
Would you be my lover?

My friend Frank
He sent me a note
It said how is your family
And you need a rescue

And I said no no no
I'm engaged to be alone, alone
I said no no no no

My friend Frank
He sent me a note
It said I am so lonely
And I need a rescue

But whatever I say
And whatever I do
Like every single day
You know he's coming through

And I said no no no
I'm engaged to be alone, alone
I said no no no no
My wife she waits right at home
