

Not Every River

Bear's Den

Not every river
Is gonna make it
Is gonna make it
Back to the sea

And I have followed
You to the delta
Down every branch
And tributary

And in the cracked earth
Of all my hoping
We're gonna get there
Eventually

Not every river
Is gonna make it
Is gonna make it
Back to the sea

Will you wait for me
In the dry river cemetery?
Will you wait there for me
In the dry river cemetery?
