

# Angel Gone

## Beat Happening

How dare you cry  
(Angel gone)  
Cheat and lie, cheat and lie  
(Angel gone)  
When you have no-one tomorrow  
There'll be no kind hearts to borrow  
Your galley slaves stop rowin'  
You don't know where you're goin'  
But you go there all the time

You were an angel  
Turned into a stranger  
Heart-shaped wings and halo  
You loved to spin your fables  
To the music we were makin'  
Then the harp strings started breakin'  
It's got cold in wintertime

It must be tryin'  
Angel gone  
To wear a halo all the time  
Angel gone  
When it gets a little crooked  
You find another saint who's lookin'  
Still your heaven is in ruins  
You don't know what you're doin'  
But you do it all the time  
You do it all the time  
You do it all the time

Angel gone  
Angel gone

I see you alone and I worry  
The past starts gettin' blurry  
Got no-one to talk to  
And I miss your shouldn't-ought-to's  
And I miss your tender sighs

Should we try  
(Angel gone)  
Crashing heaven one more time  
(Angel gone)  
Grab Gabriel's horn, start callin'  
All those angels who have fallen  
Playin' Russian roulette with Satan  
We'll ram those pearly gates in  
Saint Peter he won't mind  
Saint Peter he won't mind

Angel gone  
Angel gone  
Angel gone  
Angel gone  
Angel gone  
Angel gone  
Angel gone
