

# Black Candy

## Beat Happening

Drink my blood, fall in love,  
Chew my cud, mess my head,  
Cross my heart, molten lead,  
Read my palm, give me some.

Black candy...  
Black candy...

Spinning straw into gold,  
As she strike every soul,  
Joan of Arc upon hay,  
Ball and chain, kneel and pray.

Black candy...  
Black candy, yeah...  
Black candy...  
Black candy, yeah...

Jackhammer, can't stand her!  
Can't live unless I have her.  
Sin dribblin' down my chin...

Black candy...  
Black candy...  
Black candy, yeah...  
Black candy, yeah, yeah, yeah...  
Black candy, yeah, yeah, yeah...  
Black candy, yeah...

Burn, baby, burn, baby,  
Burn, baby, burn, baby,  
Burn, baby, burn, baby,  
Burn, baby, burn!

Black candy...  
Black candy...  
Black candy, yeah...  
Black candy...

Suck my blood, join the club,  
Breakfast dub, cross my heart,  
Hope to care, pull my hair,  
Take you there -- take me there!

Black candy...  
Black candy, yeah...  
Black candy...  
Black candy, yeah, yeah, yeah...  
Black candy, yeah, yeah, yeah...  
Black candy, yeah, yeah, yeah...  
Black candy...
