

Don't Mix the Colors

Beat Happening

What you're painting
Is what we're saving
It's so much like the things i like about you
It's so bright
It's so pretty
Please do one thing for me
Don't mix the colors, i like them that way
Don't mix the colors, just let them stay

I like the red like the top of your head
I like the yellow, as bright as your hello
I like the blue, because it's as sincere as your 'how do you do'
,

What you're painting
Is good for framing
It reminds me so much about you
it's so bright
It's so pretty
Please do one thing for me
Don't mix the colors
