

Not a Care in the World

Beat Happening

Not a care in the world

I thank you for what you do
But you just did it only for you
You can't get an "oh, so..." body
You know I don't go for study

Not a care in the world

Buy me clothes, I would be dinner
I'm not there, you're the loser
Ride a chariot to my door
You're not getting it anymore

You say you want more for me
I've got no more sympathy
Tell me how I'm not being fair
I'm so drunk I couldn't care

Not a care in the world

Fill my cup with water's breath
Dust my brow, I'm feather's fluff
Can't look at you now, it's too blurry
Pick it up, I'm in a hurry

Not a care in the world
