

# Hand In Hand

Beatsteaks

**As F# H E As**  
She follows me down to where I go  
**F# H E As**  
She comes in a cloud but she don't know  
**F# H E C#m**  
She walks in a haze do we get up  
**H E F#**  
Before it ever gets too late

Hand in hand we walk on down  
The alley and our common ground  
We walk in a haze  
Do we pass out  
Before we ever know it's on

**As Es F# B**  
She ain't never gonna get wise  
She ain't never gonna get wise  
She ain't never gonna get wise  
**Es**  
And I feel better with my hands tied

She ain't never gonna get wise  
She ain't never gonna get wise  
She ain't never gonna get wise  
And I feel better with my hands tied

She follows me down to where I go  
Not pulling a chain not feeling low  
Don't wake me up I can't relate  
To any other song today

Hand in hand we walk along  
The alley and our common ground  
I walk in a haze why should I care  
I'm waiting out the days go anywhere

She ain't never gonna get wise  
She ain't never gonna get wise  
She ain't never gonna get wise  
And I feel better with my hands tied

She ain't never gonna get wise  
She ain't never gonna get wise  
She ain't never gonna get wise  
And I feel better with my hands tied
