

# I Won't Be The One

Beautiful Creatures

I won't be the one  
To ever say goodbye  
So please don't tell me  
I won't be the one  
To ever wave goodbye  
No please don't tell me  
She sits me right down and looks into my eyes  
And tells me there's a place we could be someday  
I believe in the truth, I always believe in you  
And somehow will find a way, find a way yeah  
And if I ever find myself low, I hope that you'd be there to pick me up and put it all back together again  
No I won't be the one  
To ever say goodbye  
No please don't tell me now  
I won't be the one to ever wave goodbye  
No please don't tell me now  
I remember sitting on those stairs  
And all the promises when the rain sweep by and you would you say  
It doesn't matter where we are, it doesn't matter where will be  
Yeah darling as long as we know it's still you and me  
Though whenever I get low and everything seems unfair, yeah  
You pick me up show me that you really care  
No I won't be the one  
To ever say goodbye  
No please don't tell me now  
I won't be the one to ever say goodbye, oh no, oh no, no no  
No I won't be the one  
To ever wave goodbye  
No please don't tell me now
