

Save Me

Beautiful Creatures

Black where the sun, it never seems to find me
Rain always falls, leave it right behind me
Use to be so easy
Now it gets so hard
Cannot seem to find it
Underneath the stars

Let me know that you're there
Show me you care
I'm feelings so alone

Save Me
Make it all disappear
Take Me
Take me far away from here

Down where it's hard, everyone seems to know me
Hate has no place, you could be the show me
Use to be so easy
Now it gets so hard
Cannot seem to find it
Underneath the stars

Is there anyone there?
Someone who cares
I feel so alone

Save Me
Make it all disappear
Take Me
Take me far away from here

Save Me
Make it all disappear
Take Me
Take me far away from here

Save Me
Make it all disappear
Take Me
Take me far away from here

Save Me
Make it all disappear
Take Me
Take me far away from here
